# FROM WORLD NETBALL

On behalf of World Netball, welcome to the Christchurch Arena and the World Netball FAST5 Netball World Series, the world's fastest and awe-inspiring netball competition.

After a longer break than planned, due to COVID-19, between the last FAST5 Netball World Series in Melbourne 2018, and this one in 2022, it feels even more special to be welcoming you to this event.

It is important to point out that we would not be here today without our hosts, Netball New Zealand, who have put so much time and effort into putting this event on for us all, and doesn't it look incredible. Thank you Netball New Zealand.

We would also like to thank our sponsors Cadbury, ChristchurchNZ and Sky Sports, as well as all our other supporters, our international umpires, bench officials, every single one of our amazing volunteers, and of course our talented athletes from New Zealand, Australia, England, Jamaica, South Africa and Uganda. We really do appreciate your hard work and dedication to our great sport.

World Netball's three core strategies are to grow, to play and to inspire, and under our core strategy play we will continue to drive game development and worldwide delivery of a portfolio of thrilling world-class events.

As part of this we are committed to showcasing the best of our sport, as we invest, develop and protect our core product and its variations, including FAST5, all whilst building on our unique female focused foundations and making concrete steps to maximise male participation in the sport.

This year's event evidences that we are on the road to achieving all of these things, as we welcome three men's teams, New Zealand, Australia and England, to compete in the FAST5 Netball World Series for the first time.

We can't wait to see all 9 teams take the court across the next two days and I would like to take this opportunity to wish them all the very best of luck.

Let's use this event to grow, to play and to inspire.

**Liz Nicholl CBE**  
**World Netball President**

# WELCOME

## From ChristchurchNZ

Nau mai, haere mai!

Welcome to the beautiful city of Ōtautahi Christchurch. We are thrilled to be hosting the return of FAST5 Netball World Series to Aotearoa for the first time since 2014. Fast Five Netball is one of the most dynamic, fast-paced sports in the world and you are sure to be exhilarated and entertained over the two days of game play.

We warmly welcome you to this event showcasing the best of the best in world netball – South Africa, Uganda, Australia, England, Jamaica and New Zealand who have been training hard and are ready to deliver power plays, super shots and world-class athleticism.

Christchurch is here to entertain you both on and off the court. I encourage you to explore our revitalised city in-between whistles as there is plenty to see, do, eat, drink and experience. Our city has something for everyone.

A huge welcome once again to all of you for coming to support these fabulous, strong wāhine and this thrilling version of the game. I wish the very best of luck to all the teams and may you all have a truly memorable experience.

**Ngā mihi nui**

**Ali Adams**

**ChristchurchNZ CEO**

# FAST5 RULES

## THE TEAM

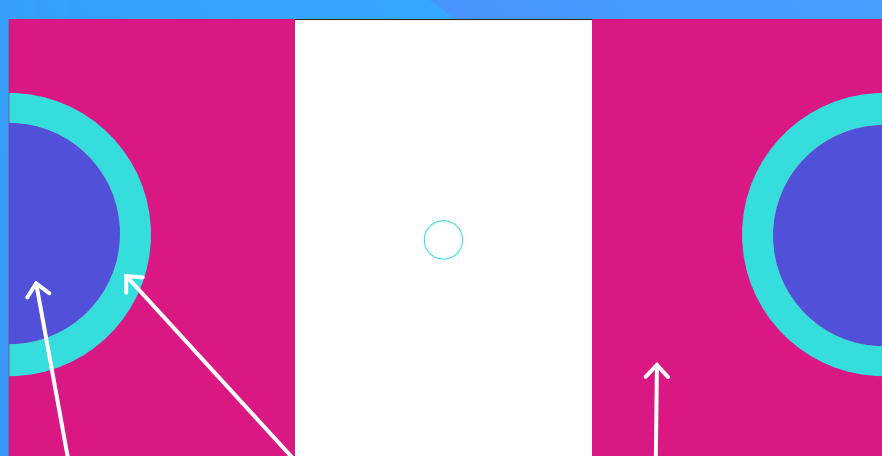

Think you know netball, think again!

In FAST5 there's only five playing positions, with two shooters [GS and GA], two defenders [GK and GD] and one midcourter [C]

## GOAL SCORING

There are 3 different scoring zones in FAST5.

1 Point 2 Points 3 Points

Inner circle (3.5m) - The safe option

Outer circle (3.5-4.9m) - A little more daring

Goal third - The Super Shot

## POWER PLAY

The last 90 seconds of playing time in each quarter is designated as the '**Power Play Period**' for both teams. During the 'Power Play Period,' all goal points scored are **doubled**.

# FAST5 RULES

## TIMING

All FAST5 Netball World Series Games will be short and sharp, with **four six-minute quarters**.

## CENTRE PASSES

All centre passes shall be taken by the team that **did not score the last goal**. The coin toss at the start of the game will determine which team takes the first centre pass in each quarter.

**The coin toss winner:** Chooses the centre pass in either the 1st & 3rd quarters or 2nd & 4th quarters.

**The coin toss loser:** Takes the first centre pass in the quarters not chosen by the winning team.

## SUBSTITUTIONS

FAST5 includes **rolling substitutions**, which means a change can be made at any stage of the game, during breaks or during play. There is a designated area where subs must be made.

# FAST5 RULES

## EXTRA TIME

If a winner is required and the scores are tied at full-time, extra time is played as follows:

- (a) Play stops and players remain on the court [no change of ends] while the captains toss for the centre pass to restart play
- (b) Play immediately recommences for a period of 1 minute
- (c) If at the end of this period one team is leading, this team is declared the winner; if the scores are tied, play continues until the next goal is scored
- (d) Power play does not apply in extra time.
